

LASPO - 2024 Elite Academy - Tournament Players and Middle/High School

The Elite Program

The Elite Program is designed for junior golfers who have outgrown beginner golf camps/instruction and are interested in developing their skills for tournament competition. Whether on their high school/middle school team or competing in other junior competitions, the Elite Program will seek to ingrain the fundamentals of the game while exposing and developing more advanced concepts of tournament play. Practices will have a structured format to assist in preparation for those juniors looking to take their games to the next level.

The Elite Program is not designed for true beginners. Juniors signing up should be 10 years of age or older and have completed multiple 9 hole rounds. Graduates of the Fundamentals Program can also join the Academy prior to 10 years of age. Exceptions can be made by the Program Director, Chris Oetinger, or the Head Pro, Michael Cattani. Students who are not able to focus or not at the level required will be asked to join the Fundamentals Program. If you have any questions as to whether or not your child is ready for this program please reach out to Chris or Michael at the contact information provided below.
